Blank packs: Design Verification Report

BLK | Blaide product line | 17 November 2026 | Design only: nothing built or tested

What has been checked without hardware, by calculation, simulation or software test.

Results

- Carrier frame and pack modelled; frame outline equals a standard blank so the existing holder takes it

No numerical verification beyond geometry: the flex carrier's outline equals a standard blank, so the existing holder takes it. Everything else in the test plan needs hardware.

Not verified

Everything in the test plan (document 04) needs hardware.
